Applicant is advised that the reply to the restriction requirement mailed 6/16/06 is not complete. A complete response must include (i) an election of a species or invention to be examined even though the requirement be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To reserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse. See MPEP paragraph 818.03(b).

Applicant is given ONE (1) month or THIRTY (30) days from the mailing date of this notice, whichever is longer, within which to supply the omission in order to avoid abandonment.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark Tsidulko whose telephone number is (571)272-2384. The examiner can normally be reached on 8 - 5.
